REPORT OF THE COUNCIL  
FOR 1892.

AS READ AND ADOPTED AT THE ANNUAL MEETING, MONDAY,  
FEBRUARY 20TH, 1893.

---

**T**HE Council of The Zoological and Acclimatisation Society of Victoria have the honour to present their Twenty-ninth Annual Report to the Subscribers.

The Council regret to state that the depression through which the colony is passing has been severely felt by the Society, for not only has the annual vote on the estimates for the current year been reduced by the sum of £500, but the takings at the gates have also considerably diminished. This curtailment of an already insufficient income is a very serious state of affairs, as it prevents any extension by purchase of the Zoological collection, and it, in fact, embarrasses the management in every way; the Society has always been administered on strictly economical lines, and it is not possible to do much in the way of reducing the expenses without injury to the Gardens. This state of affairs is very disheartening both to the Council and the Directors, as it does not arise from any default in the management, the Gardens having been quite as attractive, if not even more so, during the past year than they have hitherto been. It will be the aim of the Council and the Directors to tide over the present unfortunate position of affairs with as little loss to the Society as possible.

In consequence of the diminished revenue, it has been found impossible to send an officer of the Society to any other part of the world this year for additions to the Zoological collection.

The works undertaken and completed in the Gardens have been the clearing away of a large number of old and unsightly pines and laying out new flower beds, which have tended very much to beautify the grounds; new paths have been laid out and a small enclosure, with a high wire netting fence, made for birds. The front entrance to the Gardens has been entirely altered and much improved, and the series of enclosures, with a small pond in each, for the numerous kinds of ducks have been altogether reconstructed, and made much more ornamental than they formerly were.

The following births have taken place in the Gardens during the past year :—

2 Lion Cubs	2 Small Trotting Cattle Calves
4 Brown Bear Cubs	1 Wapiti Deer Fawn
1 Aoudad or Wild Barbary Sheep	1 Leopard Cub

Also other varieties of Deer, Kangaroos, &c., &c.

Six thousand Trout Fry from Sir Samuel Wilson's fish-hatching establishment at Ercildoune have been liberated in suitable streams; three thousand of these were sent to Bright for the Upper Ovens, and the rest were placed in Western waters by the Hon. Mr Connor, M.L.C.

The Council have noticed with regret the recent death of the Director of the Adelaide Zoological Gardens, Mr. R. E. Minchin, who was an honorary member of this Society, and had always co-operated in a friendly way with Mr. Le Souef in making exchanges between the two Gardens. He is succeeded in the Directorship by his son, Mr. Alfred Minchin.

The accounts have been as usual audited by Messrs. Langton, Holmes and McCrindle, and the balance-sheet will be published in the yearly proceedings of the Society.

The Council desire to record their appreciation of the services rendered to the Society by Mr. C. M. Officer, the retiring President ; Mr. McLachlan, the Hon. Treasurer ; and the Directors and other officers of the Society. The Council also desire to thank Mr. Kendall, the Society's Hon. Veterinary Surgeon, for his ready attention to the duties of his office.

The Report as read was unanimously adopted, but it was decided to add a clause having reference to the advisability of the Government taking steps to sell the Reserve at Gembrook formerly held by the Society.

The election of officers for the present year (1893) was then proceeded with.

Mr. Godfrey and Mr. Bruce were re-elected as members of the Council.

Mr. Bruce was elected President, and Messrs. C. M. Officer and R. W. Best, M.P., Vice-Presidents.

Mr. Ronald McLachlan was re-elected Hon. Treasurer, on the motion of the Hon. Robert Simson.

Colonel Rede was elected a member of the Council of the Society, *vice* Mr. Alex. Sutherland, who retires.

The meeting closed with a vote of thanks to the Chairman, Professor Spencer, V.P., and that gentleman responded, and expressed the pleasure it would give him to assist the Society whilst in England.

2. *Election of council.*—At the annual meeting to be held in the month of February, 1885, nine members, comprising the whole of the elected members of the council, shall be elected by ballot, and thereafter the president, vice-presidents, and treasurer shall annually retire from office, and also three other members of council (namely those who have attended the fewest meetings of the council since their appointment) shall retire annually, but shall be eligible for re-election, subject to Regulation No. 9.

3. *Vacancy in council, how supplied.*—In the case of a vacancy occurring by the death, resignation, or non-attendance of any member of the council for a period of two months, without leave of the council, the remaining members shall, in due course, appoint another member of the society to be a member of the council in the place and stead of the member who shall so die, resign or absent himself; but such new member shall be nominated at an ordinary meeting of the council prior to the meeting at which he is elected.

4. *Council to fill up vacancies.*—In case of a vacancy occurring by the death or resignation of the president, vice-president, or honorary treasurer, the council may appoint from amongst themselves, or the other members of the society, a person to fill the vacancy so occurring, and the person elected shall hold office only until the next annual meeting, but shall be eligible for re-election for the subsequent year. Provided that such vacancy shall not be filled up unless seven days' notice in writing shall have been sent to each member of the council, stating the vacancies which it is proposed to fill up.

5. *Eligibility of members of council.*—No person shall be eligible as a member of council unless he be a subscriber to the funds of the society of at least one

Provided that this rule shall not apply to persons who may have become life-members of the society, by a payment of ten guineas, or who may be honorary members of the society; and provided also that a month's notice in writing shall be sent to the member so in arrear before his place can be filled up.

6. *Meetings of council.*—The council shall meet at least once a month, three members to form a quorum, and transact the business of the society. And the director shall have power to call a special meeting of the council whenever occasion may require.

7. *Minutes of proceedings.*—Minutes shall be made in books kept for the purpose of all proceedings at general meetings of the members, and minutes shall also be made of the proceedings of the council at their general and special meetings, and of the names of the members attending the same, and such minutes shall be open to inspection by any member of the society at all reasonable times.

8. *Moneys to be paid to treasurer.*—All subscriptions and other moneys received on account of the society shall be paid to the treasurer, or some person authorised by him, who shall place the same in a bank, to be named by the council, to the credit of the society; and no sum shall be paid on account of the society until the same shall have been ordered by the council, and such order be duly entered in the book of the proceedings of the council and all cheques shall be signed by the treasurer as such, and be countersigned by the president or one of the vice-presidents, and by the director.
